

**PUBLIC NOTICE**  
**CITY OF LAFAYETTE**  
**ANNUAL FIRE HYDRANT MAINTENANCE AND INSPECTIONS**

**August 12, 2024 through August 16, 2024**

**Testing will be between the hours of 7:30 a.m. and 4:30 p.m.**

**Please do not park in the close vicinity of hydrants and try to remain clear of the area when testing is in progress.**

**The City of LaFayette Water, Sewer, Fire Department, and SEMS LLC (Southeast Management Services) will be conducting fire hydrant maintenance and inspections on its water system and fire hydrants between the hours of 7:30 a.m. until 4:30p.m., starting Monday August 12, 2024 through Friday August 16, 2024.**

**Minor flowing of the fire hydrants may result in the temporary discoloration of water. Discolored water is not an unusual side effect of opening fire hydrants, nor does it indicate any type of problem in the water system. Flowing and maintenance is a routine procedure that results in improved water service for users.**

**Residents are advised not to wash light-colored clothes if their water is stained or discolored.**

**The City of LaFayette asks for your patience and understanding during this annual fire hydrant maintenance and inspection of the fire hydrants.**

**Please call the City of LaFayette Water Plant at 334-864-9363 or City Hall at 334-864-7181 should you have any questions.**
